HYDROBIOLOGICAL JOURNAL

VOLUME 28

CONTENTS FOR 1993

Number 1

V.D. Romanenko: Environmental Radiation Problems of the Danube and Their International Solution 1

E.A. Shtina: Changes in the Phytoplankton of the Vyatka River over the Course of Fifty Years 11

V.V. Zavoruyev, L.A. Levin, G.Ya. Rachko, N.S. Granin, P.P. Sherstyankin, and A.A. Zhdanov: Spatial and Temporal Patterns of Occurrence of Chlorophyll-*a* in Lake Baikal in Winter 18

Ye.M. Partaly: Seasonal Variations in the Algal Community on the Hydroid *Bougainvillia megas* in the Sea of Azov 27

T.A. Makarevich, T.V. Zhukova, and A.P. Ostapenya: Chemical Composition and Energy Value of Periphyton in a Mesotrophic Lake 34

V.I. Malyshev and A.G. Arkhipov: The Ctenophore *Mnemiopsis leidyi* in the Western Black Sea 39

V.K. Popkov: Distribution of Copepods in the Pelagic Zone of Mountain Lakes in the Upper Yenesei Basin and Their Spatial and Temporal Variability 45

A.A. Koval'chuk and G.V. Parchuk: Rotifers of Sasyk Reservoir and Their Role in the Production and Decomposition of Organic Matter 51

V.I. Razlutskiy: The Effect of Tropic Conditions on the Rates of Biological Processes in *Moina macrocopa* and *M. rectirostris* 65

O.V. Levina: Mollusks of the Family Viviparidae in the Dnieper Reservoirs 73

S.M. Dergachev and N.A. Petrova: Effect of Dredging on the Zooplankton and Zoobenthos of the Ob Gulf 79

Yu.A. Dombrovskiy, N.I. Obushchenko, and F.A. Surkov: Use of a Model Incorporating Competition, Environmental Factors, and the Fishery Catch to Investigate the Population Dynamics of *Engraulis* and *Clupeonella* in the Sea of Azov 86

I.I. Shirobokov: Feeding Selectivity and Food Competition in the Early Larval States of Coregonid Fishes 97

Z.I. Izzatullayev: Aquatic Mollusks of Central Asia as Water-Quality Indicators 105

Number 2

V.V. Grubinko, I.N. Konovets, A.F. Yavonenko, and O.M. Arsan: The Glutamine Pathway and the Binding of Ammonia in Carp Intestine 1

V.B. Nebesnyy, D.V. Dubyna, V.F. Prokopenko, and Yu.R. Shelyag-Sosonko: Distribution of Heavy Metals Accumulated in *Phragmites australis* in Delta Zones of the Northern Black Sea Coast 9

CONTENTS FOR 1993

Number 1

V.D. Romanenko: Environmental Radiation Problems of the Danube and Their International Solution 1

E.A. Shtina: Changes in the Phytoplankton of the Vyatka River over the Course of Fifty Years 11

V.V. Zavoruyev, L.A. Levin, G.Ya. Rachko, N.S. Granin, P.P. Sherstyankin, and A.A. Zhdanov: Spatial and Temporal Patterns of Occurrence of Chlorophyll-*a* in Lake Baikal in Winter 18

Ye.M. Partaly: Seasonal Variations in the Algal Community on the Hydroid *Bougainvillia megas* in the Sea of Azov 27

T.A. Makarevich, T.V. Zhukova, and A.P. Ostapenya: Chemical Composition and Energy Value of Periphyton in a Mesotrophic Lake 34

V.I. Malyshev and A.G. Arkhipov: The Ctenophore *Mnemiopsis leidyi* in the Western Black Sea 39

V.K. Popkov: Distribution of Copepods in the Pelagic Zone of Mountain Lakes in the Upper Yenesei Basin and Their Spatial and Temporal Variability 45

A.A. Koval'chuk and G.V. Parchuk: Rotifers of Sasyk Reservoir and Their Role in the Production and Decomposition of Organic Matter 51

V.I. Razlutskiy: The Effect of Tropic Conditions on the Rates of Biological Processes in *Moina macrocopa* and *M. rectirostris* 65

O.V. Levina: Mollusks of the Family Viviparidae in the Dnieper Reservoirs 73

S.M. Dergachev and N.A. Petrova: Effect of Dredging on the Zooplankton and Zoobenthos of the Ob Gulf 79

Yu.A. Dombrovskiy, N.I. Obushchenko, and F.A. Surkov: Use of a Model Incorporating Competition, Environmental Factors, and the Fishery Catch to Investigate the Population Dynamics of *Engraulis* and *Clupeonella* in the Sea of Azov 86

I.I. Shirobokov: Feeding Selectivity and Food Competition in the Early Larval States of Coregonid Fishes 97

Z.I. Izzatullayev: Aquatic Mollusks of Central Asia as Water-Quality Indicators 105

Number 2

V.V. Grubinko, I.N. Konovets, A.F. Yavonenko, and O.M. Arsan: The Glutamine Pathway and the Binding of Ammonia in Carp Intestine 1

V.B. Nebesnyy, D.V. Dubyna, V.F. Prokopenko, and Yu.R. Shelyag-Sosonko: Distribution of Heavy Metals Accumulated in *Phragmites australis* in Delta Zones of the Northern Black Sea Coast 9

N.V. Aladin, I.S. Plotnikov, and A.A. Filippov: Alteration of the Aral Sea Ecosystem by Human Impact 22
A.P. Sadchikov and O.V. Kozlov: Diurnal Variations in the Production of Phytoplankton and Bacterioplankton 32
G.A. Galkovskaya, G.I. Gorelysheva, and I. Kufel': Diurnal Vertical Distributions of Rotifers and Algae in Lake Mikolajskie, Poland 38
S.Yu. Gagayev: Comparative Description of Several Benthic Biocenoses of Chaun Bay, East Siberia Sea 49
V.P. Solovov and T.S. Studenikina: Population Dynamics of *Artemia salina* in Lakes of the Southern Zone of West Siberia and Prospects for Utilization 59
L.A. Granovskaya, L.A. Telitchenko, Ye.L. Shirokova, and Ye.N. Svetlova: Contribution of Phytoplankton to the Biological Suitability of Water in the Presence of Strong Ultraviolet Radiation 70
T.G. Moroz and N.G. Aleksandrova: Correlation of Certain Water Quality Indices with the Abundance of Macrozoobenthos in the Lower Dnieper River 76
G.P. Yemets, V.I. Lubyanova, and S.A. Bazderkina: Effect of Polarization of Steel on Settlement by Freshwater Heterotrophic Bacteria 82
V.P. Platpira and R.S. Filmanovicha: Respiration Rate of Bacterioplankton in the Baltic Sea 87
A.Yu. Gorbenko: Circadian Rhythms in the Development of Bacterioplankton in the Aerobic Zone of Fresh Waters 95
M.M. Telitchenko and I.F. Shatalayev: Isolation of Molecular Forms of Certain Oxidoreductases from Activated Sludge 104

Number 3

R.N. Burukovskiy: New Species of Shrimp from the Genus *Plesionika* (Crustacea, Decapoda, Pandalidae) from Pacific Ocean Seamounts 1
Yu.P. Zaytsev: Ecological Status of the Ukrainian Zone of the Black Sea Shelf: A Survey 4
N.G. Sheveleva, N.F. Logacheva, A.E. Balayan. and L.D. Zubareva: Quantitative Aspects of the Feeding of the Copepod *Epischura baicalensis* 23
N.N. Tereshchenko, G.G. Polikarpov, and T.T. Kovalenko: Monitoring of the Mollusk (*Phaseolina*) Habitat Near Kalamit Bay (Black Sea) 29
V.V. Chebanova: Invertebrate Drift in Three Rivers in Southeastern Kamchatka 38
A.A. Fillippov and A.V. Gerasimova: Growth and Production of the Bivalve *Unio pictorum* in a Cooling Pond 48
K.K. Voltintsev: Self-Purification of Lake Baikal 57
V.Ye. Zaika: Temperature and Rate of Embryonic Development of Crustaceans 67
A.Ye. Gromov: Effect of Wavelength of Light on Phototaxis of *Daphnia* 75
G.A. Leonova, I.S. Lomonosov, A.N. Suturin, and A.O. Shepot'ko: Toxic Effects of Lead Componds on Hydrobionts and Waterfowl: A Survey 82
E.P. Shcherban': Comparison of the Effectiveness of Bioassay with Various Species of Cladocerans 91
L.A. Milakina, A.B. Smirnov, T.A. Antonova, and G.M. Aksenov: Effect of Natural Water Chemistry on the Accumulation of ^{90}Sr and ^{137}Cs by Fish 98
M.G. Korotkov, N.A. Klyuyev, O.G. Tarasova, N.V. Murenets, and A.M. Tsvetkova: Polycyclic Aromatic Hydrocarbons in Danube River Water 105

Number 4

V.P. Bil'ko: Techniques for Evaluating Viability during Early Ontogeny of Fish 1

E.A. Mesropyan, A.G. Ovanesyan, and N.N. Shalovenkov: Use of Photometric Counters to Determine the Concentrations and Sizes of Suspended Particles in Water 9
A.Yu. Gukov: Benthic Communities in Laptev Sea Sites with Freshwater Influence 13
N.G. Sergeyeva: Behavior of Medusa *Aurelia* and Two Ctenophores of the Black Sea as Indicated by Diel Observation from an Undersea Laboratory 18
Ye.B. Pavel'yeva and I.V. Telesh: Diet of Planktonic Crustaceans and Rotifers in Small Lakes of Karelia 24
A.P. Sadchikov and A.S. Kulikov: Bacterial Utilization of Soluble Organic Matter from Dead Phytoplankton 32
S.L. Belova and V.V. Puklakov: Ecological-Sanitary Classification of Water as a Eutrophic Indicator of a Valley Reservoir 38
I.F. Shatalayev: Fractional Composition of Protein in Active Sludge from the Treatment Facilities of a Petrochemical Plant 48
V.R. Luk'yanenko: Ecological Biochemistry of Aquatic Fauna: Problems and Perspectives 54
V.A. Pechen'-Finenko: Filtration Rates of Mussels in Sevastopol Bay 63
S.M. Semenchenko: Caloric Content and Percent of Dry Matter in Larvae and Fingerlings of the Baikal Omul, *Coregonus autumnalis migratorius* 71
P.V. Yevstigneyev: Differences in the Activity of Bioluminescent Glands of Copepods 80
T.V. Yuneva, A.M. Shchepkina, G.Ye. Schul'man, and V.V. Mel'nikov: Lipid Composition of Euphausiids in the Equatorial Atlantic Ocean 88
M.I. Gladyshev: Experimental Microsystems and Their Use to Investigate the Biodegradation of Readily Oxidized Toxic Substances in the Pelagic Zone: A Review 98

Number 5

N.N. Naydenova and V.A. Zakhaleva: Fungal Diseases of the Shells of Black Sea Mollusks 1
V.I. Vishnevskiy: Hydrochemical Conditions of the Lower Dniester River 7
V.N. Samoylenko and Ya.I. Bass: Evolution of Redox Conditions in the Dnieper-Bug Lagoon 16
N.I. Varenko, T.N. Kovtun, and T.A. Murzina: Human-Caused Degradation of the Samara River, a Tributary of the Dnieper 23
Ye.S. Brodskiy, N.A. Klyuyev, O.G. Tarasova, V.G. Zhil'nikov, and Ye.Ya. Mir-Kadyrova: Use of Chromatographic Mass Spectrometry to Investigate the Composition of Pollutants in the Kiliy Branch of the Danube 30
Ye.M. Vishenkova, V.D. Pomeshchikova, and Yu. Savin: Behavior of Triorthocresyl Phosphate in Water 37
V.A. Dobrynskiy and A.P. Pasichnyy: A Heuristic Mathematical Model of the Bioelectric Response of Aquatic Macrophytes to Changes in Illumination 41
A.V. Rzhavskiy: Review of Marine Spirorbid Genera *Protoleodora* and *Pileolaria* (Polychaeta, Spirorbidae) from the CIS with Description of a New Species, *Protoleodora gracilis* 44
Ye.V. Solokhina: Two Forms of *Eurytemora pacifica* Females (Copepoda, Calanoida) in Gladkovskaya Lagoon (Commander Islands) 56
G.B. Zevina and S.V. Galkin: *Altiverruca beringiana* sp. n. (Crustacea, Cirripedia): First Record of Verrucomorphan Barnacle in the North Pacific 60
A.V. Makrushin and L.M. Semenova: Anhydrobiosis and Yolk Structure of Ostracod (Crustacea) Eggs 66
S.F. Chaplygina: On the Introduction of the Two Hydroid Species *Laomedea flexuosa* and *L. calceolifera* (Cnidaria, Hydroidea, Campanulariidae) into the Sea of Japan 72

V.G. Myasnikov, K.A. Zgurovskiy, and O.S. Temnykh: Morphological Differentiation in Scallops of the Genus *Chlamys* (Bivalvia, Pectinidae) in the Northwestern Pacific Ocean 78
A.A. Kubanin: New Bryozoan Species (*Gymnolaemata, Ctenostomata*) from the Sea of Japan 90
Ye.P. Turpayeva and A.D. Yampol'skiy: Variability of the Eurybathic Species *Heteronymphon profundum* (Pycnogonida, Nymphonidae) from the Northwestern Pacific Ocean 105

Number 6

Ye.V. Popova and N.V. Shchadrin: Phenotype Heterogeneity in *Acartia clausi* (Crustacea, Copepoda, Calanoida) "Large" Form Females in Sevastopol Bay (Black Sea) 1
A.I. Buyanovskiy: Biannul Cycle of a Mussel Bed in Gladkovskaya Lagoon (Mednyy Island, Commander Islands) 4
G.A. Kolbasov: New Species of Barnacle of the Genus *Acasta* (Cirripedia, Thoracica) from the Indian Ocean 11
A.V. Martynov: New Species of Nudibranchs from the Sea of Japan, with Comments on the Genus *Cuthonella* (Gastropoda, Opisthobranchia) 21
S.F. Timofeyev: Phylogenetic Variations in Body Length of Euphausiacea (Crustacea, Malacostraca, Eucarida) 29
V.A. Sopina: Electrophoretic Patterns of Glucose-6-Phosphate Dehydrogenase and Esterases as Taxonomic Characters in the Family Amoebidae 37
A.I. Tanichev: Morphology of Baikal Chrysomonads, *Spumella termo* (Muller) (Hanel) and *S. gregaria* sp. n. (Protozoa, Chrysomonadida) 57
A.V. Smirnov and A.V. Gudkov: *Paradermamoeba valamo* gen. n., sp. n. (Gymnamoebia, Thecamoebidae), A Freshwater Amoeba from Bottom Sediments 65
R.A. Nesterova: Effect of Ecological Factors on the Distribution of the Boring Sponge, *Cliona vastifica* (Tetrachonida, Clionidae), off the Crimean Coast 72
G.M. Vinogradov: Amphipoda (Crustacea) from Thermal Vents in the Eastern Pacific 77
V.V. Takhteyev and I.V. Mekhanikova: Some Data on the Biology and Ecology of Baikal Parasitic Amphipods of the Genus *Pachyschesis* (Amphipoda, Gammaridae) 93
A.Ye. Zhokov: Age Structure and Seasonal Dynamic of Infection of Snails *Viviparus viviparus* by Parthenitae of Trematodes 104

Number 7

O.P. Oksiyuk, L.A. Zhuravlev, A.V. Lyashenko, I.Kh. Bashmakova, Yu.I. Karpezo, and A.I. Ivanov: Water Quality of the Danube River in the Ukraine: General Indices 1
A.A. Koval'chuk: Respiration and Production of Rotifers 11
G.A. Zhdanova, L.M. Samoylenko, and T.V. Frinovskaya: Zooplankton of Floodplain Waters of the Lower Dnieper and Dnieper Delta 20
N.V. Vekhov and T.P. Vekhova: Range of Occurrence of *Artemia salina* in Small Brackish-Water Lakes of the Kinburn Peninsula (Northeastern Black Sea Coast) 26
A.A. Nebrat: Planktonic Infusoria of the Lower Pripyat River 31

T.A. Yashchenko: Aquatic Fungi of the Crimea 36
N.V. Dutova and O.M. Kozhova: Electron Microscope Investigation of Bacterial Morphology in Waters of Various Quality 44
N.A. Potapova and T.V. Korolevskaya: Aggregated Bacteria in the Bacterioplankton of the Dniester River and Its Estuary 51
A.P. Sadchikov, O.A. Frenkel', and T.N. Skoveyeva: Enzymatic and Heterotrophic Activity of Algae and Bacteria 58
P.D. Klochenko and V.A. Medved': Transformation of Nitrogen Fertilizers During the Growth of Certain Green and Blue-Green Algae 64
G.P. Lipnitskaya and T.V. Parshikova: Changes in Strength of Binding in the Chlorophyll-Protein-Lipid Complex of Algae in the Presence of Surfactants 70
V.I. Bykovskiy: Contribution of *Spirodela polyrrhiza* to the Energetics of Aquatic Ecosystems 79
V.G. Domashlinets: Effect of Temperature on Some Morphological Characteristics of Underyearling Carp in Overwintering Experiments 86
V.V. Trylis: Seasonal Variation of Oxygen Uptake Rate by Some Freshwater Sponges 93
V.V. Arkhipchuk and T.A. Makarova: Periodic Variations of Nucleolar Activity in Cyprinid Fishes 98
M.I. Kuz'menko, Ye.N. Volkova, V.G. Klenus, B.I. Novikov, I.V. Pan'kov, A.Ye. Kaglyan, L.P. Matviyenko, and Z.O. Shirokaya: Radioactive Pollution of the Dnieper and Its Reservoirs and an Evaluation of Some Mitigation Measures after the Accident at the Chernobyl Nuclear Power Plant 104
L.Ya. Kurovskaya: Adaptive Changes in Carp Infested with Ectoparasites 114
Ye.S. Brodskiy, N.A. Klyuyev, O.A. Tarasova, V.G. Zhil'nikov, and N.M. Shestak: Use of Combined Chromatography and Mass Spectrometry to Determine Levels of Polychlorinated Biphenyls (PCBs) in the Eggs of a Danube River Fish 125
